NEW YORK, July 14.—[Exclusive Dispatch.]—In a statement given out for publication this afternoon Leo Shubert announced that he intended to sue Klaw & Erlanger and "Al" Hayman for violation of contract. This is the first open word in the war between the theatrical syndicate and the new combination of Fiske and Belasco and Shubert.

Four or five months ago, the papers began printing a story of growing opposition to the syndicate, and despite the fact that the syndicate, its friends and assistants ridiculed the idea, news of the combine was printed from time to time. The significance of the statement given out this afternoon is not in the mere fact of a suit for damages, but in the courage of Shubert to fight Klaw and Erlanger openly. It is believed that Belasco has braced them with money and productions to a point where they believe they can do something toward weakening the idea, and the time feared most known as Klaw & Erlanger.

NEW COMBINATION.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, July 14.—Announcement of a new combination of actors in America against what is known as the Theatrical Trust, was made today by Leo Shubert. The leading companies in the new combination are those headed by David Belasco and Mrs. Minnie Madden Fiske. Leo Shubert will manage the line of theaters which will be placed at the disposal of Belasco, Mrs. Fiske and others.

The new combine will back fifteen companies on the road and such actors as Sarah Bernhardt, Ada Rehan, Jefferson de Angelis, Henry Miller, Lillian Russell, David Warfield, Blanche Bates, Bertha Gailand, Robert Hilliard, Mrs. Fiske and Mrs. Leslie Carter. The actors under the new management expect within another week to have a separate number of theaters on their own circuit in America to play the year round. Shubert announced that this company now has fourteen playhouses under its control, including theaters in New York, Philadelphia, Chicago, St. Louis and London, England, and that within a week he would be able to add a dozen more to his attractions.

Besides these places the new combination is counting on the support of independent houses all over the country. The amendment by the theatrical syndicate managers of a contract which Shubert says he made with them, agreeing to pay them 25 per cent. of the profits on all of the syndicate attractions booked at his theaters was the cause of his break from the trust ranks. His friendliness toward David Belasco during the last two months, he said, was a further cause of the new combine.

"We signed a contract with the theatrical syndicate which is headed by Klaw & Erlanger, agreeing that the syndicate could book their attractions in our houses for 25 per cent. of the profits for a period of five years," said Shubert. "After we had signed this contract a letter was sent to us by the syndicate asking us to amend the contract by agreeing not to add any more theaters to our own circuit."

Shubert says that at this point he had only eight theaters in his own circuit, and did not feel strong enough to make a fight against the syndicate.

"When I asked," Shubert continued, "why this new amendment was required, I was told that our company had violated its contract with the syndicate by refusing to accept some of their attractions which they had booked at our houses."

"They said this was a violation of our contract with them, though that document contained the provision that the syndicate attractions were at all times subject to our orders. After this conversation the matter was allowed to rest for a time. Meanwhile the Lyric Theater Company was extending its own circuit and acquiring new attractions."

"When our company was building the Garrick Theater in St. Louis, the syndicate told us that we would not be allowed to book our own attractions in our own houses if we pursued our policy. And yet at their theaters they always filled their theaters with our attractions."

"On my return from Europe last June, I was met by Mr. Erlanger and had a chat with him about patching up our difficulties. He told me that if I did not book Belasco in any of our theaters I could have anything I wanted. Because I booked Belasco in one of our houses, the Garrick, he said that the tours of 'The Royal Chef' and of 'Fantana' already booked, were off."

"Let me say that in the present move we are not attempting to fight the syndicate, but merely, in self-protection, trying to find a place for our own attractions."

NEW YORK, July 14.—[Exclusive Dispatch.]—Leo C. Simmons, the leading man of the stock company playing at Jacques Theater here, was attacked last night by fellow-actors and stage hands, twelve in number and, brutally beaten. The cause is said to have been Simmons' great prominence at a "matinee idol." His popularity with the women frequenters of the theater aroused the jealousy of the other actors and stage hands.

The assault was precipitated last night when Simmons reprimanded Martin Myers, the "property boy." Delany, the stage manager, knocked Simmons down. Jealous actors saw their chance and collected, each giving Simmons a blow or kick. Miss Grace Hayward, the leading woman, rushed to Simmons' aid, but two actors hustled her back to her dressing room and locked her in. When Simmons was finally rescued from his assailants, he was half-conscious and covered with blood. He probably will be laid up the rest of the summer. Three of the assailants were arrested.

RUSH FOR RECLAMATION.

Engineers and Experts Busy in California.

Plans, Specifications and Rights in Progress.

Government Inquiry as to Trusts and Tobacco.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, July 14.—[Exclusive Dispatch.] The work of the engineers and experts of the Reclamation Service in California is being pushed. Owing to unprecedented floods in the Gila River and the Lower Colorado, field work on the Yuma project was suspended early in the spring, but surveys and other field work had reached a point where it was possible to work on plans and specifications and complete the right-of-way negotiations.

Right-of-way maps have been prepared for the entire canal, Yuma Valley, and a portion of the west side canal and about eighteen miles of Yuma Valley dike. A special study has been made of the proposition to install pumps for lifting water to about twenty-eight thousand acres of the farm lands on the west side of the canal. This study was made by the Reclamation Service, and the results of the study are being prepared for the Reclamation Service.

After the conference with the President, Chairman Shonts talked frankly about the work of the commission and canal conditions.

"Our talk with the President, today," said he, "was of a general character about the canal matters. The President desired to see Mr. Stevens before we left for the isthmus and discuss with both of us the progress of the work. Just now we have about twelve thousand acres of the canal.

Investigations of Owens Valley were begun in 1902, and nineteen gaging stations have been established in the valley. It is believed that in average years over one hundred thousand acres of land in excess of that now irrigated could be brought under water. A large number of cooperative canal companies now obtain their water supply from streams entering Owens Valley below Lone Valley reservoir site. These streams discharge excessive amounts of water in spring, but carry a deficient quantity in the late summer.

Hydrographic records will be maintained, and investigations for bedrock at Long Valley dam site were carried on. The board of consulting engineers will meet in August to consider this project.

A study of engineering features of reclamation Sacramento Valley is being made, explorations and survey work for the reservoirs being carried on and gaging stations maintained. Measurements are being made at many of the proposed dam sites. Fifteen stations are maintained on the Sacramento River and its tributaries. A reservoir site has been located on the foot contour. The site is located within four miles of where the stream debouches upon the plain, and would control the flood waters of the creek.

TOBACCO AND THE TRUST.

NEW GOVERNMENT INQUIRY.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, July 14.—Through the receipt of numerous communications from the South and Southwest, statements appearing in the press at various times of the tobacco trust, the Department of Agriculture and Commerce will be manipulated in the interests of the so-called tobacco trust, Secretary Wilson has begun an inquiry into the subject. Pending the investigation, the publication of the tobacco statistics of the several districts will be held up, although the regular monthly figures by States will be given out Monday next.

It was stated at the department today that special agents have been sent to the dark tobacco districts of Tennessee and Kentucky for the purpose of verifying or correcting the department's figures. This action, Mr. Hyde, the chief statistician, said, was in reference to the settlement which had been entered into by the department's figures were wholly incorrect. Hyde has been given direct charge of the investigation, which will be concluded in two or three weeks.

MONEY IN CIRCULATION.

NO MATERIAL DECREASE.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, July 14.—In the opinion of officials of the Treasury Department, the amount of money in actual circulation will not be decreased materially by the eleven millions to be paid in under Secretary Shaw's call, which matures tomorrow. It is believed that 75 per cent. of the call will be paid in. If not, practically all of the sum derived from this, the second installment of the call, will at once go into national bank circulation. That was true of the sum paid into the treasury under the first in-

stallment, which matured in January. The Secretary's call was for 30 per cent. of the government deposits. It was divided into two parts, maturing January 15 and July 1.

SHONTS TALKS OF THE CANAL.

VISITS PRESIDENT WITH CHIEF ENGINEER STEVENS.

About Twelve Thousand Men Employed and Departments are to be Organized—Recreation for the Employees Will be Arranged—Panama Railroad Traffic.

(BY THE ASSOCIATED PRESS—P.M.)

OYSTER BAY, July 14.—Chairman Shonts and Chief Engineer Stevens remained with the President some time after Minister Takahira left today. This was the first opportunity the President had to discuss canal matters with Stevens and they went over the subject pretty thoroughly. As both Shonts and Stevens expect to sail for Panama on the 20th inst., the President desires to consult with them before their departure.

It is not likely that Stevens will be made a member of the Executive Committee of the isthmian canal, a position occupied by his predecessor, Wallace. It can be said, however, that Stevens has been given practically a free hand to do construction work. He has his own ideas about the methods to be pursued, and will not be interfered with in the work of his district. His desire is to dig the canal, and to that great undertaking he will devote all his energies and ability, leaving the executive and administrative details to be worked out by Chairman Shonts, Gov. Magoon and the commission.

After the conference with the President, Chairman Shonts talked frankly about the work of the commission and canal conditions.

"Our talk with the President, today," said he, "was of a general character about the canal matters. The President desired to see Mr. Stevens before we left for the isthmus and discuss with both of us the progress of the work. Just now we have about twelve thousand acres of the canal.

Voyagers to Philippines Get a Rousing Reception.

Dances and Lectures on Islands Features of Trip.

After Dinner, Journey to the Orient is Resumed.

(BY THE ASSOCIATED PRESS—A.M.)

HONOLULU, July 14.—[By Pacific Cable.] Secretary of War Taft and party arrived this morning on the steamer Manchuria. Soon after the vessel docked, the visitors went driving to the park. As the guests of the citizens' commission, they will visit local places of interest and have luncheon at the Royal Hawaiian Hotel, where Secretary Taft will deliver an address.

The Manchuria was met outside the harbor by Acting Gov. Dickinson and a committee of citizens. The members of the distinguished party declare they had an enjoyable voyage to Honolulu. There were several dances on board, in which Secretary Taft and Miss Roosevelt participated. Lectures were also given on Philippine subjects.

Secretary Taft, in an interview, referring to Chinese exclusion, said that it is not proposed to admit any more Chinese of the coolie class, but merely to treat more courteously Chinese entitled to the rights of citizenship. The Manchuria leaves for Manila tonight at 6 o'clock.

THE VISITING PRESIDENT.

(BY THE ASSOCIATED PRESS—P.M.)

HONOLULU, July 14.—Secretary Taft and party were guests this afternoon at a luncheon given at the Hawaiian Hotel. The dining-room was elaborately decorated and a large gathering of Territorial officials and prominent citizens was present. Territorial Secretary Atkinson presided. In his address of welcome he made reference to the probability of Secretary Taft being a future nominee for President, and his remarks met with general applause.

Secretary Atkinson said in the course of his remarks that Hawaii as a fortified island was more important to the United States than the Philippines will ever be.

In responding to the toast "The President," Secretary Taft began with a humorous reference to Miss Roosevelt and her representation of the President. He was anxious to visit Hawaii, but being unable to come himself, he sent along a member of his family.

Speaking seriously, Secretary Taft suggested that the best way to handle insular affairs would be to have a bureau at Washington devoted to looking after Alaska, Hawaii, the Philippines and Porto Rico.

Later in the afternoon Secretary Taft, Miss Roosevelt and others of the party went to Waikiki Beach and papers requesting the extradition of Collins.

At Des Moines, Jack Carey, the "Montana Cowboy," defeated "Doc" Fillmore in a catch-as-catch-can wrestling match last night by two falls out of three.

At Sacramento, Edward X. Dias, charged with practicing dentistry without a license, was convicted by a jury in the Federal Court yesterday. Sentence will be passed today.

At Little Rock, Ark., Representative George Chapline of Missouri county was indicted yesterday for conspiracy to bribe. In declaring him guilty, the jury assessed the punishment at a fine of \$5.

NO BUSINESS IN BASEBALL.

Few Players Make Good, and Money is Not Big.

Expensive Habits Acquired, Not Many Save Much.

Former Big League Star Has Advice for Youths.

(BY THE ASSOCIATED PRESS—A.M.)

Baseball as a business is one into which I would never advise a young man to go unless he can afford to lose, two, three, or perhaps five years from his life career and use them in completing his worldly education, writes James E. Ryan, former center fielder of the Washington Club.

The average professional baseball player's career as an earning player, commanding big salary, is less than three years. He starts perhaps on the prairies and develops talent. He then joins a semi-professional team and commands perhaps \$5 a game, or \$10 if he is a pitcher of merit. He goes then into a minor league, drawing perhaps \$15 a month for five months.

At that time he has been playing ball steadily four years and earned \$235—an average of \$58.75 a year—and this calculated on the basis of one year in a major league. The chances are all against his "making good" the first year in the big league, for not one in thirty who are tried out during the spring training trip of the big clubs holds his place on July 1. He goes back to the minors for another year, perhaps, getting \$1000 a year, and then he is out of the game the next year, or more probably, never is heard of again.

After a man is tried, accepted, and given a regular place on a major league team he does not average three years before he is sent back to the minors as a back number. He may, if a wonder, command a salary of \$4000 one or two years, but I will wager that the average young man who starts out to make baseball his profession does not stand at his home in his baseball career as a well paid clerk in any dry goods store.

The college man who, during his four years at some big institution, has developed wonderful talent at baseball, is scarcely to be blamed for trying the big leagues for a year or two. Usually his early loss of money and he can afford to lose a short time in gathering experience and seeing the country. If he cannot, he would be better off to get a job in a business line, and look for a position which pays but small salary.

LEARN EXTRAORDINARY HABITS.

The worst fault of the baseball business is that it teaches young men the habit of extravagance and high living. Naturally the players on each great team are lauded as heroes by their fans. They are given the full accounts of their doings, they are full of money, they are full of diamonds, they are full of money, they are full of diamonds, they are full of money, they are full of diamonds.

There is an opportunity, I admit, for a young player who will work hard and save his money, and make himself out to start him in some small, respectable business when his arm gives out or his money runs out. But the temptations are too strong for most of them. They are thrown in the way of a ball player are extremely liable to shake him in his purpose of saving. I have known only one ball player who consistently followed this plan, and he was bitterly disliked by his fellows.

One of the best-known pitchers in the United States was in the game eight years ago. Unable to stand the temptations, he went to pieces, and was relegated to the minors. He went down and down again, and dropped out of the minors. He went home, secured a position in an express office at \$15 a week. He stood down and was increased to \$18 a week. He pitched on Sundays and holidays. A manager saw him and realized that he was himself again. He was offered \$2500 to pitch the next season. His wife pleaded with him to refuse and keep out of the business. He reinstated the business, but he had lost and that he would have himself. Thus far he has done fairly well, although not so well as he pleased himself to do.

SUDDEN END OF LOFTY DREAMS.

At the end of a baseball career the player is left stranded in the business world. He gains a false idea of his own importance from the cheers of the crowd—and the crowd forgets him almost as soon as he leaves the field. He depends upon some of his powerful "friends" to get him a position, but he gets through. The end usually comes with startling suddenness. The friends that he relied upon are not so friendly to a back number player as they were to a star.

There are brilliant exceptions to this rule, but most of these exceptions are men who quit baseball while still "good" and seized other business chances. Harry Wright died poor. Artie Irwin is hustling promoting shows. Mike Kelly died "broke." Amos Rusie is digging ditches. Jocko Meneves owns a factory and land, but he entered the business early and worked it up while

ONLY ONE HAS BECOME RICH.
Spalding is the only player to become wealthy, only a few are moderately well fixed, a good many are struggling along in small businesses, but the majority are either dead or sunk to low levels.
There are thousands of American boys who this spring are playing the greatest game on earth on lots, commons or in parks whose great ambition is to break into the professional baseball field. The best advice their fathers or friends can give them is to stay out of it—and they can have advice both on financial and moral grounds. As a wide general principle, no American boy can afford to throw away any time between twenty and twenty-five years of age—during which time he should be getting a foothold in some of the permanent business. Baseball is not a permanent business. Look in the newspapers and you will see that a baseball player years of age is considered an old man.

PRaise OF THE AUTO.
Oh, there may talk of the joys of the dance. Where the music is dreamy and low. Or a thrill of delight when the sail is unfurled. And the wake is a smother of snow. Or the pleasure a canter on horseback. But give me the reach of a long, level road. And a seat in an automobile!
How the miles rush away from the tiresome machine! In ribbons of green and blue past! The town is a blur, and the orchards and woods. In ribbons of green follow fast. It's adieu to the carriage we meet as we go. And farewell to the swift-moving wheel. And good-bye to the trolley car we soon overtake. When out in an automobile!
If perchance it is springtime, we lunch as we rest. On a bed of blue violets sweet. With a thrush or a robin to thrill overhead. A silvery song while we eat. We linger awhile under blossomy boughs. An armful of fragrance to steal From apple trees freighted with dewy pink buds. Then away in the automobile!
Should somebody dear on the seat next to me. Then slacken the speed of the car. Gliding slowly along in the amethyst dusk. By the light of the bright evening star. There's a question to ask, and an answer to hear. And a promise with kisses to seal. And later the bliss of a honeymoon tour. For the pair in the automobile.

WIFE FOLLOWS HIM TO JAIL.

Runaway Ohio Ticket Agent Picked up Here.

J. C. Mengersdorf Accused of Heavy Embezzlement.

Cleveland Police Officer to Come Out for Him.

Julius C. Mengersdorf was picked up at the corner of Fourth and Spring streets yesterday by Detectives Davis and Roberts, and taken to the City Jail.

The only evidence the detectives hold against the prisoner is a circular sent out from Cleveland, O., in November, last, calling for the arrest of Mengersdorf on the charge of having embezzled \$1200 from the C and B. Transit Company of that city.

Mengersdorf at once made the claim that his trouble at Cleveland had been all settled long ago, but in view of

MURDERED FOR MONEY.

Arizona Ranchmen Found All Hacked to Pieces.

Rangers Suspect Mexican Outlaws and Pursue.

Attorney Collins Prepares to Fight Extradition.

(BY THE ASSOCIATED PRESS—P.M.)
GLOBE (Ariz.) July 14.—The bodies of S. S. Plunkett and Edward Kennedy were found at about 1 p.m. today on the ranch of the former, in Salt River Valley, about a half mile from Livingston. The condition of the corpses indicated that they had been foully murdered about thirty-two hours previous to the discovery. J. C. Evans, justice of the peace, and the coroner at Roosevelt were notified of the facts and left for the scene at about 4 o'clock p.m.

Plunkett was well known in Globe, where he has numerous relatives and friends. Kennedy was an aged man, who had lived in this district many years, and was widely known and generally respected. He was employed about the ranch as a sort of caretaker.

BLOODSTAINS IN ROOM.
Bloodstains were found about the room where the bodies lay, and the indications point to death by means of shotgun wounds. Two sheriff deputies left Globe for the scene as soon as the news was telephoned to the Sheriff of Gila county.

The wife and two children of Plunkett left with Mrs. Plunkett's parents for Farmington, N. M., overland, July 8. They are supposed to be near Fort Apache, and scouts have been sent out to overhaul them and acquaint the widow of the circumstances.

A telephone message for an undertaker has just been received, with a request for the immediate removal of the bodies. The bodies will be brought to Globe in metallic caskets, as decomposition is already advanced. Interment will be in this city.

Later advice says that stab wounds were found on both bodies and that both men were beaten on the head with a bar of iron or other blunt instrument. The house was raided and all the contents were in great confusion. People on the spot attribute the deed to Mexican tramps. No clue has been found to the perpetrators.

The watches and all the money the men had were taken. The amount is unknown.

Kennedy's body was found on the porch, as though the outlaws were encountered while he was entering to rescue his employer.

EMMONS' CASE CONTINUED.
FRENCH'S LAWYER A FUGITIVE.
(BY THE ASSOCIATED PRESS—A.M.)
SACRAMENTO, July 14.—The case of J. E. Emmons, one of the state senators of the last Legislature who was indicted for bribery, was to have come up in Superior Court at Sacramento next Monday morning, but it has been postponed until September 12, at the request of Emmons' attorney, J. H. French.

Emmons made an affidavit, through physicians, that, owing to ill health, he would not be able to appear for trial for some weeks.

A demurrer in the case of Frank French, another Senator indicted for bribery, to be heard tomorrow by Judge Hart, French had employed George D. Collins, the San Francisco lawyer, who is now a fugitive from justice.

French's attorney, J. H. French, appeared here for him. It is not known here who French's new lawyer is.

COLLINS OUT OF JAIL.
IN CARE OF SPECIAL OFFICER.
(BY THE ASSOCIATED PRESS—P.M.)
VICTORIA (B. C.) July 14.—George D. Collins, remanded until July 19 for trial for extradition on a charge of perjury, today has been committed to the custody of a special officer detailed to guard him at his own expense. His wife, who spent the night in jail with him, joined her mother, Mrs. McCurdy, at the trial of his case on the 19th, when witnesses are expected from San Francisco to give evidence against him.

Mrs. McCurdy came to Victoria from Seattle via Vancouver, and registered at the hotel under an assumed name. A warrant has also been issued for her.

BYINGTON GETS BUSY.
(BY THE ASSOCIATED PRESS—A.M.)
SAN FRANCISCO, July 14.—District Attorney Byington is today engaged in arranging for the extradition of Collins.

Byington and Judge Lawlor conferred today in respect to the extradition of Collins. A telegram from Judge Langley of Victoria, received here last night, both of them were of opinion that it would not be necessary to present such an elaborate array of proof to the courts at Victoria.

In order to make certain, however, Judge Lawlor sent a telegram of inquiry to Langley.

WASHINGTON HEARD FROM.
(BY THE ASSOCIATED PRESS—A.M.)
SACRAMENTO, July 14.—Late this afternoon, the Governor's office received a telegram from acting Secretary of State Acheson, stating that he had received the American Consul at Victoria, B. C., to request provisional arrest of Collins.

FOREIGNERS HIS VICTIMS.
SMOOTH REAL ESTATE SWINDLER.
(BY THE ASSOCIATED PRESS—A.M.)
SALT LAKE CITY, July 14.—Foreigners have been made the victims of a smooth swindler, who offers to sell lots in the Utah Indian reservation, soon to be opened for settlement, for \$10 apiece. It is known that several Italians were caught, and an effort was made to get others to invest.

The individual who has been making the fraudulent sales gives a receipt as a land agent, and thus makes himself early in the day. However, it is expected that an effort will be made to have the government officials investigate the matter, as it is believed many foreigners have been caught by the scheme.

FAR REACH FOR SCHIKLOFSKA.

NEW ENGLAND POLICE WANT MAN HEADED FOR WEST.

Body of His Wife Was Discovered Thursday at Belmont, Mass. With the Head Horribly Mutilated and Nearly Severed from the Body. Matter of Two Tickets.

(BY THE ASSOCIATED PRESS—P.M.)
BELMONT (Mass.) July 14.—Police officials, who are investigating the murder of Mrs. Marie Schiklofska of Brockton tonight anxiously awaited news from the west where they have endeavored to bring about the arrest of the woman's husband, John Schiklofska, otherwise known as John Cline, a Polish barber.

The State officers have established to their own satisfaction that the man left Boston yesterday for Los Angeles, but admit the possibility that the barber may have changed his plans.

Chief Joseph Shaw of the State police has telegraphed to the police of every place through which the train is supposed to have passed and said tonight he expected an early arrest if the man continued westward on the train.

There are two theories as to the motive for the crime. One of these is that Schiklofska and his wife quarreled over another woman. The other is that the quarrel resulted over the refusal of the woman to turn money over to her husband. The two had a joint account at the Brockton Savings Bank and on Tuesday \$241.50 was withdrawn by the barber.

Friends of the woman said that she had saved nearly \$1000 that she gave \$250 of it to her husband and that the latter had subsequently induced his wife to give him more money. The Brockton police have learned that Schiklofska shipped a trunk and a box to Boston and thence to Los Angeles, from Brockton on Wednesday.

The State police have been informed by the railroad officials that a coupon from Schiklofska's ticket, permitting him to travel as far as Portland, Me., had been used.

The police secured a number of letters today written in Polish by a woman believed to have been Schiklofska. The letters are said to have disclosed an intimate acquaintance between the two.

Not in Los Angeles Yet.
Somewhere between Braintree, Mass., and Los Angeles, and headed for this city, is a Polish barber, who is believed to be the murderer of his wife at Belmont, Mass.

The body of the woman was discovered on Thursday in a uly on the Arlington golf links near Belmont, with the head horribly mutilated, and nearly severed from the body. It was promptly identified as the body of Emeline Schiklofska.

Her husband is a barber, and it is ascertained that he had made arrangements with the Barbiers' Union at Boston for a transfer to the Barbiers' Union at Los Angeles.

It has also been ascertained that the Boston agent of the Washburn Railway sold to the man on Wednesday two tickets to Los Angeles, over the Boston and Maine, West Shore, Washburn and Santa Fe roads, and that he paid for a reservation in a tourist car attached to the train which was to leave Chicago over the Santa Fe at 9:10 last night.

Yesterday morning he returned to the ticket office and had one of the tickets redeemed, stating that he could use only one of them. At that time he reiterated his intention of taking the 12:30 train yesterday afternoon.

Boy Orator Has Bad Finish.
SAN FRANCISCO, July 14.—William Rodey, the boy orator who a few years ago stamped the State for a gubernatorial candidate, was arrested last night and appeared before Judge Canby on the charge of grand larceny today. He was but 15 years old when he made his famous speeches and his head is said to have been turned by his phenomenal success. He is accused of stealing a horse and buggy.

**RATE WAR IS
THREATENING.**

Trains Lines are Coming in
on Eastern Scrap.

Salt Lake and Santa Fe Roads
are Involved.

Southern Pacific May Meet
Reduced Rate.

Today, the Salt Lake and
Santa Fe will make a reduced rate
on first-class passenger business
between points east of Chicago. The
Southern Pacific has not yet been advised that
it will participate in this rate.
The situation is interesting in the extreme
to railroad passenger men is
developed, and the echoes of
rate troubles of eastern
lines being heard on the Coast.
The present situation is a result of the
agreement of the New York Central and
the Boston and Albany lines between New York
and Chicago. The competing lines,
which meet the fast time of the
New England lines, and commonly
known as the "New England lines," insisted
on a differential lower rate for
passengers which they hoped to compel
the business attracted to the
lines by the fast trains.
The Southern Pacific, the
Michigan Central, the
Pennsylvania, protested bitterly
at this action, declaring that
the rate took none of the business
which would be attracted to the
lines and in support of the
complaints to the fact that
the fast trains a bonus of
four for every hour cut by their
rivals.
The twenty-four hour
of the differential lines, which
they declared, would
be a lower rate to the weak-
ness and gave them all the com-
petitive business with the eastern
lines, however, insisted
on their differential rates.
The Michigan Central, one
of the standard lines, comes with
the business of the differential
to meet their rates. The recog-
nition of the lines have replied at
the challenge with the an-
nouncement that they will make a rate
between Chicago and New York \$2
less than any which the Michigan
lines, and passenger men
believe that a rate war is
in consequence.
The Southern Pacific has scored
the fight, now that they have
the Salt Lake and the Santa
Fe, and a reduced rate, through
reduction on the through
affect first-class tickets in the
of Los Angeles is considerably
between Chicago and
the Pacific at first declined
rate, and up to the pres-
ent given no indication of
the reduction, but it is
likely it will be compelled to
make concessions which the
Salt Lake and Santa Fe will make ef-
fective.
On the other hand, the Southern Pa-
cific, being strongly in-
terested in the rate, it is
likely that it will not partici-
pate in the rate war, but
may be called upon to con-
sider its relation to the
of Chicago, since, although
reduction east of Chicago,
now that the rate has been
its territory.
The lines east of Chicago,
cutting rates, and which
insisted on a new passenger tariff
between Chicago and New York, are the Erie and the
Pennsylvania, which are working in conjunction
with the Erie, Lehigh Valley,
Delaware and Western,
and O. & N.
Chicago have ac-
cused the rate of the Michi-
gan as a baiting rate for
over that line, and fu-
ture interest. If the Michigan
wants to cut down into the
differential lines, accord-
ing to the announcement, and if the
lines make good their
below the rate of the
of a merry, hot throat
competition.
The lines have made good
next move in the game
of the Michigan Central, and
are wondering whether
with having its bluff
blown it will stand pat on
its position.

Forty-two Electric Miles.

A week from Sunday regular service
will be inaugurated over the Newport
branch line of the Pacific Electric, ex-
tending the line of that system a dis-
tance of forty-two miles from the
depot at Sixth and Main Streets.
According to the time schedule being
made up in the offices of the traffic
manager, it is intended to make the
run between Los Angeles and Newport
Beach in an hour.
At Huntington Beach a fine freight
and passenger depot is being erected
on the water front, and is nearing com-
pletion.
The Salt Lake has issued an order
forbidding news butchers on trains to
raise the price of newspapers and
magazines.
C. O. Whittemore, assistant secre-
tary of the Salt Lake, will leave Mon-
day for Las Vegas.

Worden is "Watched."

For the purpose of properly "watch-
ing and timing" H. B. Worden, late
assistant general freight agent of the
Salt Lake, who leaves today for San
Francisco, his associates in the traffic
department yesterday presented him
with a handsome timepiece, suitably
inscribed. The presentation was made
at the lunch hour by R. M. Taylor, and
when Worden would have voiced his
appreciation, he was howled down and
told to keep quiet. Inside the case of
the watch was inscribed: "Presented to
H. B. Worden by his associates on the
Salt Lake, July 15, 1905."

Shopsmen's Outing.

Today the Santa Fe will run two
special free excursion trains from San
Bernardino to Redondo, for the annual
outing of its shop employees, their
wives, families and friends. The gen-
eral order issued from the offices of
the general manager, command every
single man to bring with him one of
opposite persuasion. It is expected that
2500 persons will avail themselves of
the kindness of the management in the
outing to the beach.

**ESPEE'S STAFF
SIGNAL SYSTEM.**

WILL PREVENT ACCIDENTS ON
THE SIERRA NEVADAS.

Actual Construction on the Pro-
jected Western Pacific Delayed by
the Illness of Schlacks—Esch-
Townsend Bill Discussed by Pas-
senger Traffic Manager Hardwick.

BY THE ASSOCIATED PRESS—A. M.
SAN FRANCISCO, July 14.—The
Bulletin says:
"By the installation of the staff sig-
nal system on the mountain division
of the Sierra Nevada, the Southern Pa-
cific will remove a danger of a pos-
sible accident on this line.
"The staff signal system has been
worked for some years on other roads,
notably over the Raton Pass of the
Santa Fe, and has given complete sat-
isfaction. The officials of the Santa
Fe, saying that without this system
they would have been unable to handle
the traffic over the mountain.
"Some time ago Mr. Agler, then
with the Southern Pacific, was sent
to inspect the system, and his report
was so satisfactory that General
Manager Calvin has decided to put in
the staff signal system on the road
between Rocklin and Truckee.
"This system takes the place of a
train order and the officials in speak-
ing of it declare that it is impossible
for a collision to occur with this style
of signaling."

WESTERN PACIFIC CONSTRUCTION
SCLACKS' ILLNESS DELAYED.

BY THE ASSOCIATED PRESS—A. M.
DENVER (Colo.) July 14.—The Post
today says that actual construction
on the projected Western Pacific Rail-
way has been delayed by the illness of
Charles H. Schlacks, if the Denver
and Rio Grande Railway, but the work
will soon begin, according to advices
received at the general offices of the
Rio Grande Railway, as President Jef-
frey and Vice-President Schlick, in
these hands George J. Gould has left
the work of constructing the new road,
have nearly completed all plans. Gould
sailed for Europe more than a month
ago, but before leaving talked matters
over with Jeffrey and Schlacks, and in
a few weeks it is expected General
Manager A. C. Ridgeway, of the Den-
ver and Rio Grande, will be sent to
supervise the construction work.

ESCH-TOWNSEND BILL.

DISCUSSED BY HARDWICK.

BY THE ASSOCIATED PRESS—A. M.
WASHINGTON, July 13.—S. H. Hard-
wick, passenger traffic manager of the
Southern Railway, delivered an address
at Whitestone, Lithia Springs, S. C.,
yesterday, speaking of the progress
and development of the South, and dis-
cussed the Esch-Townsend Bill pending
before Congress. Speaking of the
proposed legislation he said the pro-
posed legislation was considered most
harmful to the whole country, and es-
pecially to the South. He said:
"Think of the tremendous array of
laboring people who are dependent upon
railroads, directly and collaterally, for
their livelihood. If the bill is passed,
from ten to fifteen millions. Shall
they be met with calamitous conditions
by having their forces reduced and the

BOOM AT SALOME.

Regular train service has been estab-
lished on the Arizona and California
Railroad from Wickenburg to Salome,
a distance of fifty-four miles. Here-
tofore mails and passengers have gone
by way of Congress Junction and Har-
persburg, carried by stage coach across
a waterless and hot plain, over the
once famous Ehrenburg road, which,
till 1879, carried the greater part of the
traffic between California and Arizona.
Salome, which claims position as the
natural distributing point for the Har-
vey and Marquis Hala mining dis-
tricts of Western Arizona, has had a
lavender boom and is making prepa-
rations for modern city improvements
on a large scale.

TERRITORIAL SHORT ITEMS.

The Arizona Joint Statehood League
is believed to have scored very materi-
ally in the passage of resolution by the
Statehood convention that has just
closed its meetings in Oklahoma de-
manding that Oklahoma go to Con-
gress for immediate Statehood and that
the given recognition "without refer-
ence to any right or claim of other
Territories seeking admission." Arizo-
nians are afraid of nothing but a joint
or omnibus Statehood bill. If Okla-
homa and Indian Territory are kept
out of the measure consolidating Ariz-
ona and New Mexico, there is little
doubt locally that the hated measure
can be killed in the House.

A letter was received lately by the
Phoenix Board of Trade from Sen-
tary Wood of the San Diego Chamber
of Commerce announcing that a cele-
bration was to be held yesterday over
the prospect of the Bay City for large
benefit through the building of the
Panama Canal. So, yesterday, Secre-
tary Vanderveer of the local board tele-
graphed: "Phoenix joins her Califor-
nia neighbor in felicitations over the
first step, to be followed by completion
of the Panama waterway, with all that
that great project means for extension
of commerce in the great Southwest,
the upbuilding of the California coast
and the growth of San Diego and her
harbor."

W. S. PIERCE RESIGNS.
DIRECTOR OF MANY LINES.
(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, July 14.—(Exclusive
Dispatch.) Winslow S. Pierce has re-
signed as director from all the Harri-
man properties, where he was a mem-
ber of the board. He was a director
of the Union Pacific, Southern Pacific,
Oregon Short Line, Oregon Railroad
and Navigation Company and several
other less important companies. The
resignation is said to have been ten-
dered about the same time that George
Gould left the directorate of the Union
Pacific, but the fact has just become
public.
Pierce is a close personal friend of
Gould. He is connected as director
with nearly all Gould properties, and
is chairman of the board and president
of the Western Maryland Railroad.
He is also chairman of the board of
the West Virginia Central and Pitts-
burgh railways. He was formerly
general counsel of both the Wash-
ington and Union Pacific, but resigned from
the latter position about two years
ago.

LAW PURSUES
PLURAL LIVERS.

PROSECUTION OF MORMONS IN
THE TERRITORY.

It is Charged That in Apache Coun-
ty in the Valley of the Little Colo-
rado Polygamy is Practiced Openly
and Defiantly—Witnesses Sum-
moned Won't Talk.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
PHOENIX (Ariz.) July 13.—The
officers of the Department of Justice
in Arizona are working on a revival
of the anti-polygamy prosecutions that
stopped during Cleveland's adminis-
tration. It is charged that in Apache
county, in the valley of the Little Colo-
rado River, polygamy is practiced
with, openly and defiantly, not only by
the elders who have cleared unto the
wives they had before the prosecution
of polygamy began, but as well, by
men whose plural marriages are of
very recent date.
Indeed, the investigation thus far has
been under the impression that in-
dicated only Mormon who have children
under three years of age, born to them
in plural marriage. Of this subdivision
of lawbreakers, nineteen have been
found by the United States officers in
Apache county. A half dozen of them
have been indicted already by the
United States grand jury now sitting
in Prescott and the jury is working
through the rest of the list.
Difficulty is being found with the
witnesses summoned, for they won't
talk. One of them, Dr. J. S. Woolford
of St. Johns, contended that his occu-
pation as a physician privileged him
in withholding very extensive infor-
mation he possesses concerning the
much-married men of his community.
He was informed by Judge Sloan and
the United States Attorney Nave that he
could not shelter himself in such man-
ner, but remains stubborn, though
committed for contempt. The defend-
ants are mainly small farmers, most of
them about ruined by the destruction
of the irrigating dams along the Little
Colorado last spring.

UP GO ASSESSMENTS.

Nearly all over the Territory, County
Boards of Equalization are raising as-
sessment and the prospect is that the
taxable valuation of the Territory will
be increased fully 10 per cent. this
year. The Territorial Board of Equal-
ization is looking into the matter of
the outrageously low assessments of
mines, and much improvement is ex-
pected in that regard, the present as-
sessment being not one-fiftieth of the
real value.

It is notorious that not more than
half the number of cattle or sheep in
the Territory ever set on the Assessor's
books. The clerk of the Territorial
Board of Equalization pointedly wrote
to the clerk of the Board of Supervisors
of Cochise county that the railroad
records showed more than 100,000 head
of cattle during the year from the
county than had been reported by its
Assessor. The Cochise county board
started the good work by raising the
cattleman \$200,000 in a single day. The
Chiricahua Cattle Company, a Los An-
geles concern, was lifted \$500 head,
\$50,000. Cummings & Co. had \$700 head
added to their return and the San Sim-
on Cattle Company \$700 head.

The same Cochise county board has
pushed up the assessment of the pop-
lar per Queen mines at Bleebe to \$2,000,
600, constituting one-fourth of the
county's total tax valuation. The El
Paso and Southwestern Railway, an
enterprise affiliated with the Copper
Queen, is assessed for still another mil-
lion.

Plagstaff have been named by Gov.
Kibbey as candidates for the Terri-
torial fair that is to be held in Pho-
enix next winter. Mr. Adams it was
who secured in the last Legislature
Territorial sanction and support for
the fair.
Edward C. Dunne, a boarding-car
commissary on the Santa Fe Pacific,
committed suicide in a car a few days
ago, by shooting himself through the
head. He was a hopeless consumptive
and had tired of fighting the disease.
Gregorio Martinez, a Santa Fe em-
ploye, fell under the wheels of a freight
train near Bellemont and was ground
to pieces.
William Gillis is responsible for a
story that a mountain peak in the
northern Bradshaw range has mater-
ialized into a live volcano, from which
proceed rumblings galore and much
smoke. A party of Prescott men has
started for the district, to investigate.
The rainy season is beginning in
Arizona. At Douglas the temperature
dropped from 102 to 70 degs., through
the advent of a rain and hail storm.
There was a heavy rain at Tucson
and all along the border, and at nearly
all points of central Arizona, though
Phoenix is still dry. The local tem-
perature has dropped, however, from
around the 110 notch to 89, as a daily
maximum.
The Phoenix Evening Gazette has
added to its news service the franchise
of the Associated Press.
Sergeant Harry Wheeler of the Arizona
Rangers has been promoted to be
lieutenant of the organization, suc-
ceeding Lieut. Brooks, now in charge
of the Graham forces in the war for
possession of the Lucky Tiger mines
in Sonora.
Among late brakebeam tourists for
Los Angeles is understood to be Ben
Perkins, the negro who has been doing
a stunt of terrorizing in Phoenix the
past week, and who denies the possi-
bility of capture by the local police.
He once lived in Los Angeles, where
he was known as a remarkably bad
egg. He was reported seen at Yuma
yesterday on his westward way.
Fewer departures than generally
known at this season of the year has
been the impression locally of coming
from the Southern Pacific road alone has
sold, from Phoenix since May 1, 975
excursion tickets to California points.
The departures for the Coast dur-
ing that period have not been less
than 1200 individuals.

CURIOS AND
ODDITIES.

(SPECIAL CONTRIBUTED TO THE TIMES.)
The Pure Food Swindler.

In these days of municipal house-
cleaning and general reform the swin-
dler has many a golden opportunity. A
poor grocer said the other day: "I
was swindled last week out of
\$10. A well-dressed, handsome man
came into my store and bought apple
butter, four different kinds of catsup,
seven fruit extracts, some red wine,
eight sorts of spices, and various other
things."
"After he had tucked his purchases
under his arm, he smiled and said:
"For your sake I hope all this stuff
is pure."
"Pure? Why?" I said anxiously.
"I'm a government food inspector,"
he answered, "and I am going to take
these things for analysis to a govern-
ment chemist. His analyses are
mighty severe. I hope you'll come out
all right. But."
"I am only a poor grocer in a small
way of business. I know nothing posi-
tive about the purity of my goods. And
a prosecution would have ruined me.
I would simply have ruined me."
"I looked hard at the inspector. The
inspector looked hard at me. I was
glad to see him go. I was glad to see
him go. I was glad to see him go."
"Sure," said he. "Sure, indeed."
"So I handed him two five's, and he
left like a shot."
"Well, I saw him again this morn-
ing in the prisoners' dock. He had
tried the same dodge on one of our
big grocers, one of our big, prosper-
ous fellows that advertised in a col-
umn a day in all the papers. These fel-
lows pay to know their goods are pure,
and so, when the swindler vined one
of them, he was found out and arrested
in a jiffy."
"But he had swindled me and dear
knows how many like me before that
he had played bob with the milk-
men, too."

Skyscrapers and Murder.

"Will it be murder?" said the mil-
lionsaire minister.
"It will kill four men," the contractor
replied.
"Then I won't build this twenty-
story skyscraper," the minister said
resolutely. "I'll build a cathedral."
The contractor, a singularly unselfish
man, nodded in approbation.
"Statistics prove," he declared, "that
in the construction of every ten-story
building one man is killed; every fif-
teen-story building kills three men;
every twenty-story one kills four men."
"Nearly all these men are killed in
the same way. They fall. They crash
down from a great height. They shat-
ter on the pavement like thin glass."
"I have put up over a hundred sky-
scrapers, killing, all told, two hundred
men. I don't of course, feel guilty of
two hundred murders. At the same
time—"
He smiled uneasily.
"I am glad you are not going to put
up this twenty-story building. I am
glad you and I are not going to put
four men out of the world."

Bernhardt's Mail.

"Sarah Bernhardt's mail," said an
actor, "contains always a half dozen
letters offering to give or sell the lady
strange pets—snakes, snakes, turtles,
and all the rest of it."
"Bernhardt, you see, once had a lion

Helen Pitner passes the quarter-post in the scholarship race only six points ahead of Arthur Carpenter, the strong runner from Compton.

According to the score the distance between the two leading contestants is measured by a new subscription to the Daily Times for a period of less than two months' duration.

Miss Pitner arrived today from her tour through the country, but she was too exhausted to make such a dash for credits as would enable her to recover the ground which she lost by being away from Los Angeles.

Arthur Carpenter made the remarkable gain yesterday of 5787 points. But the largest gain of the day was that of Mabel Soule of South Pasadena who recorded 7118 points, seven new subscriptions to the Daily Times for twelve months every one, and 135 coupons. This is the best report so far made by any contestant who turns in every day, Mabel Soule does.

This raises the South Pasadena girl to one bound from the eleventh to the fourth position. Gessie Brunjes of Azusa does herself and her town great credit with a gain of 4265, raising herself from the thirtieth to the twentieth round of the educational ladder.

Jessie King of Riverside moves from number 22 to number 18 by a report of 585 credits.

Iva Engel of Garbana advanced two places toward the front by a report of 120 points.

Myrtle Varney of Tuluca is cutting her way up the line by reporting daily. Yesterday she merited an advance of 150 points.

Anna McNaughton of Pomona in-

creases her total by a gain of 1150 points, to 11,278.

Myrtle Graham, the shy and modest lassie of Covina, has a champion in Los Angeles of whom she may well be proud. The wife of a prominent physician has espoused the cause of the Covina maiden, and the city matron declares "that deserving and hard-working girl must have a choice of scholarships; that's all." And the way this city woman is able to talk up the merits of the country girl whom she has never met would make a traveling salesman envious.

DONATIONS FOR COUPONS.

Minnie Ponedel, the talkative little miss who has won several long-time subscriptions from employees of The Times, had made several great hits. Here is the way she relates one of her experiences: "The other day I went into a fine office fitted up with the most expensive furniture. I told the big man there—I don't know his name—I wanted his subscription to help me win a scholarship. He asked me some questions and then handed me \$5, saying: 'Take that, little girl, and buy coupons. Last year I gave one of the contestants my subscription for five years. I don't want to advance my subscription beyond that time unless you will get the Times-Mirror Company to guarantee delivery after I am dead.' Then and there," relates the humor-loving little girl, "the man called in his stenographer and instructed her to cut out and save for me the coupons every day. Now I'm afraid that secretary might have a friend in the contest who would get some of the coupons, so I shall call often for them."

And Minnie told other interesting anecdotes about her experiences.

RAMSEY, THE ATLAS.

Old Atlas of the almanacs has decided to take a rest and has shifted his burden of the world on the shoulders of a sixteen-year-old boy in the scholarship contest. So you will be impressed when Lee Ramsey approaches you and asks you to help him climb up the rounds of the scholarship ladder. He will look at you earnestly with a face matured by responsibility and say that he will be thankful for even a little boost, so he can go up one or two rounds. He is becoming a man long before his time, but there is every indication that he will grow into a useful citizen. A letter in his behalf follows:

July 12, 1905.—[Scholarship Manager The Times:] Lee Ramsey, who is one of the competitors in The Times scholarship contest, was born November 14, 1889, at Bijou, Eldorado county, California, and up to four years ago resided in that county.

Since coming to Los Angeles he has endeavored in every way not only to assist his mother, who is a widow, but to advance his education. In order to do this it has been necessary for him, previous to the past year, to attend night school and to pursue his work as assistant bread-winner, during the day. The following firms can testify as to his honesty of purpose and conscientious performance of duties: Henry Ward, No. 330 South Broadway; Barnett & Guide, and Coulter's Dry Goods Company.

For the past year he has attended

LEE RAMSEY, "The New Atlas."

the Olive-street public school, at the same time working mornings and evenings for the Standard Hat Company and selling newspapers.

He has entered the contest with a firm determination to win a scholarship at the Brownberger Business College, and to this end will bend every energy. This young man is worthy the help and encouragement of all who desire to lend a hand to those who by their earnest efforts are seeking to carve from the marble of life the noblest figure of destiny.

Long Beach Conservatory of Music. Rosenbly's Ladies' Tailoring College.

Academic Department Cumnook School of Expression. Signor Pietro Buzzi's Vocal Studio. Fillmore Pianoforte School.

Lyric School of Music, Luella M. McCune, principal.

CASH PRIZES ARE ADDED.

The scholarships, whose cash value runs into the thousands of dollars, will not be the only prizes at stake. The Times will supplement a number of the scholarships with cash prizes to help defray the student's incidental or living expense while attending school.

Besides the scholarships the fourteen students who finish in the lead will receive cash prizes approximately as follows:

1. Cash with scholarship, \$150.	second choice of scholarship, \$150.
2. Cash with scholarship, \$125.	third choice of scholarship, \$125.
3. Cash with scholarship, \$110.	fourth choice of scholarship, \$110.

Total cash awards, \$1000.

Nation's Pocket Touched.

It is when the pocket is touched that things begin to stir. We might have gone on kicking and abusing the Chinese to the end of time, but for the institution of a retaliatory boycott in China against American goods. Then our business interests concerned in the export trade to the Orient suddenly fell under the dominion of humanitarian impulses, and appeal to the President, and he becomes equally stirred and turns to the secretary in charge of immigration stations who at once takes steps to soften the administration of the exclusion laws. What is now done is something which ought to have been done without waiting for the compulsion of immediate and pressing considerations of business interest. —[Springfield Republican.]

PLAYA DEL REY.

IMMERSED IN THE SEA.

PLAYA DEL REY, July 14.—Even as St. John was baptized by Jesus in the waters of Galilee, so yesterday were the seekers after the truth and the way immersed in the waters of the sea on the beach here, where the tides ebb and flow. The exercises were conducted under the auspices of the church of the Nazarenes. The Nazarenes had come a thousand strong from Los Angeles and near-by cities for a day's outing and picnic on the shore. A sermon was preached by Rev. La Fontaine, of the Wall-street church of Los Angeles, and two converts announced their acceptance of the word. Following the conversion eight who had determined upon leading the Christ life were plunged beneath the breakers at the officiation of Rev. La Fontaine. The day was joyously spent in bathing, picnicking and lunching on the strand.

The Beach Land Company has a force of a half-hundred men at work under the superintendency of Contractor Mercereau in building a bulkhead along the lagoon's west side. This improvement will serve to hold the shifting sands in place and will preserve the integrity of the shore line. Hundreds of thousands of feet of lumber are required in the work.

Last evening the Grand Fraternity of Los Angeles came to this beach for a ball in the auditorium and a banquet. It required five cars to carry the pleasure-seekers.

HIS IDEAL.

She used to be a maiden with fawnlike eyes, and in her hair those golden tints that glow through the painter's palette.

Her long, dark lashes had to be painted on her cheeks were red, her hair was dark, her lips ripe fruit reserved for her. She used to be in form and vision that the poet sang of. When, gazing into distant eyes, she yields to splendid imaginings.

The hair he brushes from his face is thinner than it was of yore. Once, twenty, he is forty now. The golden maiden may be found, but she may be found and she may be found, but she must not be poor! She may possess an upturned nose and twisted teeth and a switch.

And have a squint and glimmer provided that her father's name is—[Advt.]

"THE AWAKENED SEA BOARD CITY"

We invite most cordially "safe and sane" citizens to this beautiful city. Frenzied and feverish "get-rich-quick" speculators please operate elsewhere.

This city has just been examined most thoroughly by our representative people and not found wanting.

**Splendid Beach
Excellent Bathing
Beautiful and Natural Scenic Effects
Desirable Class of Citizens
Commercial Advantages Unexcelled**

Mr. Huntington has purchased the Railroad leading here. He has invested millions in the townsite and surrounding country, including the famous Downey Ranch of 1010 acres adjoining Redondo. He believes in Redondo and its success. He is double tracking the railroad to Redondo and building railroads in the City and improving streets. He has not advanced his prices from the original offering.

Your presence in New Redondo is most cordially welcomed.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Laying of Corner-stone.

Arrangements have been made for the laying of the corner-stone of the new building of the Los Angeles County Jail on Sunday, July 20, Bishop Conaty will officiate.

Methodists Will Build.

Trustees of the West Adams street Methodist Church are considering plans for a larger building. The portable church will be removed to make a place for the better edifice.

Bankrupt Tailor.

G. G. Hegy, a Los Angeles tailor, filed a petition in bankruptcy yesterday in the United States District Court, scheduling liabilities of \$540.81 and assets of \$50, the obligations being principally to Chicago and New York firms, for merchandise.

Widening of Main Street.

Work on the widening of Main street south of Jefferson is delayed by the readjustment of land titles to the property fronting on the street. Poles for the Moneta avenue electric have been placed within the property lines and the laying of tracks and conduits continued in spite of the delay. The work will be completed the early part of September.

Green Negro.

Harry McCauley, a negro of No. 447 Aliso street, called a disturbance on his house last night and when his mother called for a policeman he swallowed a quantity of copperas. Patrolman McEwen sent the man to the Receiving Hospital. McCauley says he swallowed the drug after he had been placed under arrest as he thought he had not been given a "square deal."

Burglaries.

Two burglaries were reported to the police yesterday, having been committed on the previous day. Mrs. I. T. Miller, of No. 538 South Flower street, says her house was entered Thursday and her purse looted of \$10 in gold. The fastidious thief refused to take some silver that was in the same purse. Milton Kerr, of No. 108 North Johnson street, reported a burglary when a watch was taken from his house on Thursday.

Tried Laudanum.

Arthur Lacy was taken to the Receiving Hospital yesterday from a lodging house on North Main street, where he had taken a small quantity of laudanum with suicidal intent. There was not sufficient of the drug to do him serious harm. He admitted to his landlady that he had intended to take his own life and she upbraided him for attempting to commit the deed in her house. The next time you want to commit suicide go somewhere else," she said.

Mustering Camp Roosevelt.

One of the most important events in the circles of the Spanish War Veterans since the muster out of the Southern California Volunteers will occur tonight at Burbank Hall, No. 545 South Main street, when the Spanish War Veterans, who have been organizing a camp the past six weeks, will be mustered into the service as Camp Roosevelt, No. 3, Department of California, United Spanish War Veterans. The Department of California has detailed one of its staff as mustering officer, and a delegation from Rollins-Noble Camp, San Bernardino, will assist.

Takes Much Strychnine.

James R. Scarf, on a furlough from the Soldiers' Home, swallowed enough strychnine to kill half a dozen men, but because his system was accustomed to the poison he escaped death. Scarf had been taking strychnine in small doses as a heart stimulant for many years, but last night he overdid the matter by swallowing twenty tablets. He soon realized the error of his way and lost no time in informing the people in a lodging-house at No. 747 San Fernando street. He was hurried to the Receiving Hospital where the police surgeon quickly saved him by the use of emetics.

Joseph Maler's Funeral.

The funeral of Joseph Maler, late member of the firm of Maler & Zolte, brewer, was held yesterday afternoon at the family residence, corner of Sixteenth and Figueroa streets. It was largely attended, and many more were present than could enter the house. The services were conducted by Rev. Baker P. Lee, pastor of Christ Church. The Euterpean Quartette and an orchestra rendered music. At the grave in Rosecliff cemetery the services were conducted by the band, and the singing section of the Turn Verein Germania sang. Four two-horse wagons were required to carry to the cemetery the wealth of floral offerings from friends of the family.

Portland Excursion.

One sleeping car has been filled and space in the second was engaged rapidly yesterday for the excursion that is to carry the Chamber of Commerce excursion to Portland next week. The train is scheduled to leave Los Angeles next Saturday morning, reaching Portland Monday morning, affording the excursionists opportunity to take part in the events of "Southwest California" San Diego, Riverside, Redlands and other cities in this section are joining in the movement and will have representation on the special train. Acting Secretary Gurley says the excursion is for ladies as well as men, although an impression has gone forth that men only were to be in the party.

Where is Bose?

John Bose, a barber of Redondo, couldn't foresee the awakening of the little incident that became a big business as he was dropped out of sight. It was on June 11 last. On the morning of that day Bose left the shop where he had been working a week and neglected to take his trunk and barber tools with him. He intended to run up to Los Angeles for a brief visit and told his friends he would return in a short time. Since then, nothing has been heard from him. Jeff Whalen of No. 509 West Sixth street is a friend of the missing man. Whalen has searched high and low for Bose, but not a trace of the lost one can be found. Whalen asked the police to assist him as he fears Bose has been foully dealt with.

Jelly Cornish Smoker.

Members of the Union League Club enjoyed a cornish smoker, in the league room on West Second street, yesterday evening. The large crowd present entered heartily into the round of high jinks and general jollification. Billiards and bowling claimed the attention of several, though by far the larger number chose to sit and enjoy the impromptu programme of witty speeches and funny yarns. Ex-Senator R. N. Bull, Lester Robinson and W. A. Gould were in charge of the programme and the refreshments provided were up to the usual standard of excellence maintained by the club. For fear the fun might not last until the wee hours, colored singers were tackled to the program and "coon songs" delighted the throng at the tables as they smoked the stout peace pipes. The affair was one of many arranged by the club for social purposes and was an immense success.

Imitable "Bob" Burdette.

Again readers of The Times may enjoy the quaint humor in the writings of the famous newspaper paragrapher, lecturer and preacher, now journeying on his extended European tour. Mr. Burdette will write one of his imitable letters to The Times each Sunday during his journey.

BREVITIES.

The volume of "Liners" in the Sunday Times has become so great that it is found necessary to ask patrons to get their Sunday advertisements in earlier; especially Sunday real estate advertisements, which in order to be printed must be in the office not later than 10 o'clock Saturday night. The printing of all real estate matter, including advertisements, in a part by itself on Sundays involves somewhat slower press work, making it essential in order to get the paper out on time, to stop receiving real estate ads after 10 o'clock Saturday night. Dealers will confer a favor on The Times office if they will turn in Sunday copy on Friday, when possible; or at least a part of it, and the balance early on Saturday. Sunday "Want" ads will still be received by phone and over the counter until 11 o'clock Saturday night.

The ladies' rest room on the top floor of the new wing of The Times' Building is open from 9 to 5. Ladies from town or country will find this a convenient place to write, rest or read. Stationery provided for correspondence. Both phones available. Take elevator in business office. All are welcome.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

With a few unimportant reductions City Assessor Lewis' \$157,000,000 assessment roll has been approved by the City Board of Equalization.

The Board of Equalization yesterday denied all applications from banks for cancellation of their franchise assessments.

Estimates of the Park Board for the present fiscal year contemplate an increase of \$75,000 in the expense of park maintenance.

John Hoadley was yesterday held by Judge Conroy—sitting as a magistrate—to answer to the charge of perjury, committed during the Etta Longley will contest.

In the divorce proceeding of F. W. Seeley against his wife Laura, which was heard by Judge Monroe yesterday, the facts were somewhat sensational.

AT THE CITY HALL.

BANKS MUST PAY FRANCHISE TAX.

BOARD OF EQUALIZATION SAYS CITY NEEDS THE MONEY.

Corporation Attorneys Protest That Assessment Is "Unjust Discrimination," but Assessor Says He Is Only Getting Even for Failure to Locate "Cash on Hand."

Less than \$50,000 has been wiped off the assessment roll during the five days of almost continuous protest before the Board of Equalization.

Assessor Lewis' \$157,000,000 increase has been sustained.

Corporation day before the Board of Equalization yesterday brought forth red-hot protests from a dozen local banks because they had been assessed almost a million dollars for "franchise."

City Assessor Lewis stood by his assessment. Replying to the charge of unjust discrimination he charged in turn that the banks have flim-farned the city out of at least a million dollars in cash on hand which they spirited away just at the time when, under the law, he was compelled to make his assessment.

During the morning and afternoon sessions the battle raged, and Attorney O'Melveny, representing the protesting bankers, made a valiant fight, but the Council to a man stood by the Assessor. And when their verdict came in it was a denial of every protest.

"It may seem hard to the banks to be assessed for something on which hundreds of other corporations pay nothing," said Chairman Smith of the Finance Committee, "but if those bankers could take a look at some of the department estimates that are coming in they would wonder how they came to get off so easily."

This is the first year that the local banks have paid more than a nominal assessment on franchise. Judged from a banker's point of view, the point of "unjust discrimination" appears well taken.

There are probably 3000 corporations in the city that do business under franchise. The City Assessor terms a franchise, less than sixty of these 3000 pay a franchise assessment.

In reply to the charge that the assessment was advanced by the attorney representing the banks, City Assessor Lewis said that it is possible to assess the 3000 of the other corporations on the holding-in-a-fair-taxation revenue so as to secure a fair way in that, but, on account of the money out of the city, the City Assessor, of right, the city must either pay the franchise or let the banks go practically scot-free of taxation.

He lamented that the State and national laws are such that he is barred from assessing the franchisees of the national banks. These institutions, he said, almost free from taxation, much as the Assessor's disgust.

The following table shows the franchise, fixture, money and solvent credit assessments levied on the local banks; the national banks excepted:

WHITMAN AND HAMLIN LIKELY
TO GET RECORD.

One Puncture at Arroyo Grande the Sum Total of Troubles up to Paso Robles—Party Ahead of Previous Time, Though Behind a Thirty-hour Schedule.

If Whitman and Hamlin do as well this morning as they did yesterday, automobilists will have a new record to shoot at after today.

The gentlemen at last reports were a few minutes behind their thirty-hour schedule, but had suffered no serious mishaps, and were running well.

A tire puncture at Arroyo Grande, fourteen miles south of San Luis Obispo, delayed them a few minutes, but otherwise the trip up to Paso Robles was decidedly successful.

Leaving this city at the appointed time, 4 o'clock yesterday morning, the Franklin car and its two drivers sped up Broadway and out through Hollywood to the Calabasas Pass, taking the Calabasas road.

Whitman had figured on making Santa Barbara by 10 o'clock, but was sixteen minutes late. Little time was lost taking on gasoline and eating breakfast. The party pushed on with great rapidity, and found the roads fair.

Santa Maria was reached at 3:55 with everything in good shape. This beat by two and a quarter hours Fred Jacobs' time to the same point. The party went through Santa Maria with only a few minutes' stop for further supplies. They were to have reached this city at 3:30 on a thirty-hour schedule and were only twenty-five minutes late.

At Arroyo Grande a puncture, their first mishap, delayed them about 10 minutes, but they made San Luis Obispo at 5:55, Jacobs' time being 5:30, and their own thirty-hour schedule calling for 5:30. At 6:10, San Luis was left behind for a fast run to Paso Robles, which was reached just at dark, one minute before eight. It was 10:35 when Jacobs pulled up there on his record-breaking run.

From Paso Robles, the drive through the night was relieved somewhat by occasional moonlight. Whitman decided to attempt cutting off some of the Indian Valley detour.

On the present basis, the Franklin car should arrive in San Francisco shortly after 10 o'clock this morning, about 16:25. This would make a new record of thirty hours and twenty-five minutes for other automobilists to go up against.

SEVENTY-TWO HOLE PLAY.
(BY THE ASSOCIATED PRESS—P.M.)
NEW YORK, July 14.—Hundreds of golfing enthusiasts followed the professional players over the public links at Van Cortlandt Park today in the 72-hole medal play tournament which began yesterday. Weather conditions could not have been better, and the links were in excellent condition.

Isaac Mackie, playing with George Peebles of South Orange, turned in a card of 79 for his third round of the course. Stewart Gardner of Garden City, had 75, and Herbert Strong of Cambridge, Eng., who played along with the Garden City professionals, had 77. So far in the contest Mackie still leads, with Strong, the English expert, just six strokes behind.

GLEN ECHO FEATURE.
(BY THE ASSOCIATED PRESS—P.M.)
ST. LOUIS, July 14.—Good golf and a large and interested gallery featured today's play on the Glen Echo links in the tournament which has decided the women's trans-Mississippi amateur championship and cut down the field of contestants for the men's honors to W. Fairbank of Denver and W. D. Dickinson of Des Moines.

MACKIE'S HONORS.
(BY THE ASSOCIATED PRESS—P.M.)
NEW YORK, July 14.—Isaac Mackie of the Foxhill Golf Club, Staten Island, won the principal honors in the professional golf tournament at the Van Cortlandt links today. He led a field of fifty-two experts yesterday, with scores of 79 and 73 for two rounds of the 18-hole course, and today he made a 79, following it up with a 77, a total of 156 for the 72 holes. This work by the Staten Islander was looked for by his many followers, and they were jubilant because the winner had beaten the American open champion, Willie Anderson, by the narrow margin of a single stroke.

Alex Smith of the Nassau Club, Long Island, finished third, three strokes behind Anderson. Christopher Crosby, a nineteen-year-old homebred golfer, won the special money prize for the day's lowest score, as he turned in 71 for the final round.

TO WHITE MOUNTAINS.
MORE CHASE GLIDDEN TROPHY.
(BY THE ASSOCIATED PRESS—P.M.)
PORTSMOUTH (N. H.) July 14.—What was expected to be the last stage of the automobile trip from New York to the White Mountains for the Glidden trophy, in which about thirty cars are participating, was begun from this city today. The weather was excellent, and the last party had left before 10 o'clock.

FRISCO RUN FOR MOTORS.

Three Trail Blazers Leave
Sunday Morning.

To Spy Out Roads for Trip
in Two Weeks.

Local Club Run on Sunday
to Long Beach.

The various automobiles that have made and are intending to try to make road records between this city and San Francisco for motor power vehicles, might as well run into a telephone pole and knock a wheel off in desperation, for the motor cycles are now to take up the endurance fad to San Francisco in the effort to establish a record that an auto will probably never touch.

H. E. Canfield and C. W. Riden of this city and J. F. Foss of Santa Paula will leave this city tomorrow morning at 4 o'clock on Indian motor cycles on a test run to San Francisco, and while they will not attempt a record on the trip, they go for the express purpose of spying out the road that the endurance autos have gone over. After this is done C. W. Riden will go out for a record run from Los Angeles to San Francisco on Sunday, July 23.

It is Mr. Riden's intention to leave this city at 11 o'clock on the night of Saturday, July 23, and attempt to reach San Francisco in twenty-four hours, by 11 o'clock the following night. Estimating the distance at 203 miles, Riden will have to maintain a pace of just about twenty-one miles an hour in order to make the journey in twenty-four hours, but he thinks this can be done, for last August he made the trip in a fraction over the same distance in a fraction over the same time, actual running time with no night speeding. No endurance record was claimed for this feat, however, because he stopped over at night.

In his coming attempt at a record he expects to reach Santa Barbara about daylight with good luck and will get breakfast there and leave the clubhouse at 10 o'clock, and will make his time during the day for the previous night. Riden thinks he will be in his time limit and will make careful notes of the roads.

MOTOR CLUB RUN.
Fifteen or twenty members of the Los Angeles Motor Cycle Club will make a trip to Long Beach tomorrow morning, intending to leave the clubhouse at 10 o'clock and make the trip in 10 o'clock.

The club has just installed the following new officers: W. Sparks, president; Fred Bruner, vice-president; O. D. Stanton, recording secretary; C. W. Riden, treasurer; George Hull, captain.

BOXING.

FIGHT DATE SETTLED.
Manager McCarty has finally decided to have the Kelly-Burns contest on Friday night, July 23, instead of July 25. The later date is more agreeable to the fighters and it will give the contractor more time in which to complete the building. Both men are in training at the club and each says he is already in condition for a hard fight.

If McCarty would offer a ticket to Los Angeles to the best preliminary fight he would get a contest worth going miles to see, for it is said there are a number of very good men now here who would fight for their lives if they saw a good chance to get back to the old folks in New York. Los Angeles is a long way from New York, and a prize ticket must fall off the tree if some of the boys expect to reach home by Christmas.

GRANEY FOR REFEREE.

BRITT AND SULLIVAN AGREE.
(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, July 14.—(Exclusive Dispatch.) After a long session tonight, Al Herford and Willie Britt, representatives of Sullivan and Jimmy Britt, lightweights, who will meet in the ring here next Friday night, agreed to offer the post of referee to Eddie Granev, and in case he refuses to accept, Jack Welch will be tendered the post. Another meeting will be held tomorrow.

Sullivan and Britt are in excellent condition, and the former is already close to the required notch, although Herford is taking pains to see that his man does not give any weight to the Californian when he steps into the ring.

EN ROUTE.

AT SANTA BARBARA.
(SPECIAL CORRESPONDENCE OF THE TIMES.)
SANTA BARBARA, July 14.—The Whitman-Hamlin automobile party reached Santa Barbara this morning at 10:15, having left Los Angeles at 4 a.m., passing Ventura at 7:50. The run into Santa Barbara was made fifteen minutes ahead of the Jacobs schedule, and this on roads that were becoming more slippery every minute owing to heavy fog developing almost into a rain. There was no further difficulty on the trip, and the machine was way again at 10:45, headed for San Francisco in the effort to lower the record between the two cities.

**NOW WORRYING
OVER DETROIT.**

SCOW GIVING HANDICAPERS
THEIR TROUBLES.

An "Ortery" Craft, and Hard to Put Where She Belongs So as Not to Wrong Anyone—Some Boats That Could Probably Take Her Measure Easily.

BY STINSON JARVIS.

Since the Detroit was bought by Los Angeles yachtsmen from owners in San Diego, there has been much question as to where and how she will do her racing, or whether she can race at all. The trouble with boats and boats that are about three sizes too large is that nobody knows exactly what to do with them. The interested owners of the other local racers seem to be willing to make every reasonable concession that will bring the Detroit into the contests of the South Coast Yacht Club, but the difficulty is to provide some handicap that will make a craft of a large class sail on even terms with the racers of a class below. As a permanent, and for every reason, this has never been done. Making the large craft sail under reefed canvas does not always accomplish the desired end, because in light winds the boat is helpless through being unable to drive her own bulk fast enough; and when it comes down to really hard winds the discrepancies are as bad as ever, the big craft having just the canvas she wants, and the excess of power in her hull makes her an easy winner. This was tried in the race off Venice on Saturday the 1st, when the owners of the Detroit agreed to reef down and remain so till the finish.

The endeavor to remedy the physical disparity through time allowance has also been tried and found, so far, to be useless. Prior to the Lipton cup races last August the local yachtsmen objected to the Detroit altogether and the veto was finally set aside in an arrangement under which the Detroit would allow the others something like eleven or twelve minutes in addition to their regular time allowance. That also seemed at the first blush like a reasonable proposition, but in practical working-out it left the Los Angeles boats without a ghost of a show.

The well recognized peculiarities of the scow type make it a certainty that any agreed time allowance which might be satisfactory to both sides in some conditions would not be satisfactory all the time. When this type first came out at New York for the 1894 defense of the Seawanhaka International Cup, the scow Paprika had great success until she was beaten by a more symmetrical craft, El Helie, which was chosen out of seventeen experiments to defend. But when Herrick Duggan came down from Montreal with the first Glencairn (a more ship-like looking boat that was the predecessor of the Columbia) El Helie was beaten out of sight.

Now the Detroit was not built till after all these experiments had proved their certainties, and she never would have been built in 1902 by anyone who had had the benefit of a New York and Montreal education in the gradual improvement of racing machines. Her shape at once tells that she belongs to the temporary but necessary experimental mistakes of 1898 and 1899, of which class it was thought independence of 1901 would be the last.

Consequently, in sharing the faults of the others she will find it difficult to arrange a time handicap which will put her on about even terms with the others as a permanent. For some weather this may be possible; for others, not.

The Detroit can be beaten by four boats on a certainty, the Cadillac, Invader, Strathcona and Ironquadrant, and probably by a considerable fleet of boats that is being tried out this week in Lake Ontario. The handicap is this: Detroit was built for the trial races of 1902 at Chicago, when calls were made for American defenders of the Canada cup. In the preliminary contests, the Detroit was beaten by the Cadillac. Then Amelius Jarvis, the original donor of the cup, brought the Invader from the Royal Canadian Yacht Club at Toronto and beat the Cadillac. On challenge of the Rochester (N. Y.) Yacht Club for the next year Commodore Jarvis built on another design from Arthur Payne of Southampton and the new Strathcona beat the Invader in the trials. In the cup races, the Rochester challenged, the Ironquadrant, beat the Strathcona. Thus in the line of unquestioned victories the above are the four certainties that can beat Detroit on her own trial races at all again, there being seven craft competing for first honors in being selected. Now, any of the new fleet which can beat, or sail even with, or sail near William Gardner's Ironquadrant may be relied upon without further comment or proof to beat the Detroit practically out of sight. There are also trial contests going on for the Canada cup, in which selection, and as to that region it can be said with certainty that any of the new Toronto craft that can sail ahead of, or even near the Strathcona are a sure buy for the Pacific Coast.

Playa Del Rey

"California's Unique Lagoon City"

Not an Ordinary Resort

That Playa del Rey is absolutely devoid of the ordinary and commonplace, is one of the first impressions a stranger receives upon visiting this beautiful place. Artistic and novel features not duplicated elsewhere, characterize Los Angeles' nearest beach resort. Those who cannot find comfort, rest and diversion here, must indeed be hard to please.

The Lagoon--A Distinctive Feature

Few resorts in the world can boast of a natural lagoon such as exists here. The Playa del Rey lagoon is several miles long and offers the finest still-water boating, bathing and fishing to be found in Southern California.

Miles of Perfect Beach

Playa del Rey has over two miles of absolutely perfect beach. The gradual slope and absence of undertow, makes surf bathing an ideal sport that may be indulged in every day in the year.

Attractive Residences Public Buildings

Many beautiful residences have been erected within the past few weeks, and contracts have been signed for the building of 20 more in the immediate future. All houses sit back a uniform distance. Judicious building restrictions prevail. Unightly structures WILL NOT be permitted to mar the beauty of this fair spot.

Lots Sell Rapidly in the Lagoon Subdivision

This beautiful subdivision east of the lagoon has been on sale only a few days and lots have been selling at a remarkable rate. The property is elevated several feet above the sea-level and commands an unobstructed mountain, valley, lagoon and ocean vista. High class improvements will be established in this district.

For it. It looks as if the intention were to make this a seaside residence section of the highest class known in America. The property is capable of such development and the holders have both the ability and knowledge to do it in the most approved manner.
There was a considerable crowd at Redondo yesterday but sales were few. An error in type made the sales on Thursday appear to be more than they were. The checks sent up for collection were about \$40,000. Yesterday they were about \$20,000. There are a good many checks sent up by merchants in both those days. In some cases payment was stopped before the checks were cashed and in some the sharper's hand is evident. He gets a contract and puts up a check which is worthless. Meantime he tries to sell the contract, pockets the gains and gets out of town's way before the law lays its heavy hand on him.

PERSONAL.
J. W. Pepper and H. H. Armstrong, two well-known politicians of Philadelphia, are guests of the Angeles.
L. S. Judd, a mining man of Ehrenburg, Ariz., has come to Los Angeles to spend the heated season. He is a guest at the Nadeau.
W. J. Stevens of San Francisco is at the Van Nuys Broadway. He goes from Los Angeles to Los Vegas, near where he will develop mining properties.
Courtney DeKalb of New Orleans is registered at the Van Nuys Broadway. He has extensive business interests at Mojave, and makes frequent trips to the State.
A party of New Yorkers, guests of the Van Nuys, en route to the Portland Exposition, is composed of Alonzo Lincoln and wife, Miss T. H. Stevens and Miss E. Donaldson.
J. E. Miller, owner of mining properties in the Caliente district of Kern county, came in from Amelle, yesterday, to spend several weeks in the city. He is registered at the Nadeau Hotel.
Los Angeles is soon to number among its notable residents, clergy Pere Gregoire of the Redemptionist Fathers, who was for many years pastor of the parish of Notre Dame de Bon Secours of New Orleans. He is at present the guest of L. N. Brunswig at the Coronado Hotel.
Los Angeles is the Mecca towards which many miners are turning their faces just now. In one such party which arrived yesterday at the Van Nuys Broadway were F. A. Sutter and wife, R. G. Fowler, F. Nichols and Peg Prayer, all of Bisbee. These men are owners of valuable mining properties, who have come to Los Angeles to spend the summer season.

BEST CANDY AT JEVNE'S
And nothing remarkable about that—the best of everything to eat is at Jevne's. When we make anything to sell, we determine to make it a little better than anyone else does. That's the way it's been in our Confectionery Department—we've made it so good that people simply can't help buying Jevne's candies. There are the fine French and the plain sugar candies, and every kind you buy is perfectly pure and fresh and good.

Clearance Sale of Belts
A broken line of Belts, consisting of silk, velvet, leather and washable styles, in values from 50c to \$1.50—25 cents today for quick selling.

Handbags at Half
From our entire stock of handbags (and there's not a better in town) we have selected certain styles of which we have but one or two of a kind left; representing nearly every shape and leather now considered stylish—for only our finest goods are included in this lot. They will be placed on sale at just HALF their marked prices.

The Tea Room
Is one of the most attractive features of our new store. Preparations of both the substantial and the delicate trifles of the table receive the most careful expert attention. Open daily from 11:30 to 5:30.

Wash Vests \$1.00 each
This morning we place on sale one hundred and fifty men's summer wash vests—a most comprehensive lot, which includes white and black, tan, grays and other popular summer shades. The least expensive is worth \$2—some have been sold elsewhere at \$3 and \$3.50. All sizes to begin with, but they won't linger long at A DOLLAR EACH.
All silk white or tan NEGLIGEE SHIRTS—the regular \$5 quality, on Saturday only, at \$4.50. Cream or tan mercerized, regularly \$2.50, special at \$2.
BATHING SUITS of mercerized all wool, a little the swellest thing made. \$4.50 or \$5 represents their real value; on Saturday, buyable at \$3.75. Another style with fancy top and lace front; regularly \$3.50—special on Saturday at \$3.
Fancy balbriggan SHIRTS AND DRAWERS, mercerized—in light blue and white—shirts have silk fronts and pearl buttons; regular \$1.25 quality at \$1 each—on Saturday only.

Neckwear 25 cents
Broken lines of silk, lace and washable stocks, tabs and turn-over collars, ranging in former price from 50c to \$1.25—25c today for choice.

Jewelry Cleanup
A quick clearance of lockets, bonbonnières and coin purses, in rose and plain gold, sterling silver and French gray finish, will be assured at such prices as these:
\$1.25 values for 50c \$2.50 values for \$1
\$2.00 values for 75c \$3 values for \$1.25

Women's Waists for Less
The popular "Mankind" waists for women—suitable for golf, yachting or other outing wear—in plain and fancy madras and natural pongee, the choicest new patterns: \$2.00 shirts \$1.50; \$2.25 shirts \$1.75; \$2.50 shirts \$2.00; \$3.50 and \$4 shirts, \$3.00.

Linen Suits Reduced
Women who take thought for their raiment are giving preference, this season, to suits of linen. It's unusual to find the most wanted sorts so reduced:
Box coats, with belted backs, pleated skirts; \$13.50 value for \$8.50.
White linen coat suits, box coats with tailor stitched seams, cuffs, collars and pockets of colored linen—full pleated skirts; \$15.00 value for \$10.00.
White linen coat suits, with fancy Eton jackets; trimmed with braid and colored linen; pleated skirts; \$18.50 value for \$12.50.
White and colored linen coat suits; box coats or Eton jackets; some lace trimmed; box pleated skirts; \$18.50 value for \$13.50.

Amsterdam Silk Gloves
There's a guarantee ticket with every pair of Amsterdam double-tipped Silk Gloves. That's simply additional proof that we mean what we say, that it's the best silk glove made.

The Best Investment
you can possibly make is in an Alaska Refrigerator. It will save the cost in food preserved in a very short time. Be sure you purchase an Alaska—for it is the height of perfection, being the best made and most scientific Refrigerator on the market.
